PRESIDENT'S MESSAGE:

Those members not at the District Governor's visit last week, missed a different approach than that seen from previous DGs in their annual Club visits. DG Craig Winter is putting emotion into Rotary and encouraging us all to focus on service to the community to achieve emotion. Many of you may have seen the "Rotary Central Queensland" advertisement appearing on Channel 7. This is an initiative of DG Craig who has an extensive background in advertising. He has diverted funding normally sent from our District to Rotary International for promotion, to be used for advertising locally.

The DG's wife (Clare) has adopted the "Town and Country Fund for Outback Friends" as her project for 2016/17. Details are included in the Bulletin and can be supported through purchase of quality wines. Funds raised are being provided as pre-loaded credit cards, which drought affected families can spend at businesses in the Longreach and Winton regions.. Although some very good rains in the west are producing some greenery, many remain in a severe financial situation as they try to re-establish their properties.

This week, Vocational Service Director Dale has arranged a visit to Galea's tyre recycling plant at the southern end of Connors Road at Paget. This is at 6pm with dinner at the Shamrock Hotel afterwards.

Advertising on Channel 7 for the Swap Meet on Sunday 2 October has commenced this week and we are still taking bookings for sites. We are fast approaching our initial expectations for the number of sites to be taken up for the first Swap Meet. We will need to ensure that we have enough helpers to make it a successful fund raiser and to promote Mackay West Rotary.

Hi All:

This is the draft roster for the Fair on October 28 & 29. We are short in some areas and will need to sort this out in the coming weeks.

The Pioneer Valley Rotary Club say safety requires 4 operators on the merry go round so we need additional assistance this year. I asked them if they wanted to operate the merry go round but they are unable to but will have one of their members present.

If you want to change to a different area please let me know. If I have missed anyone let me know.

Cheers

Ross

PS: Please arrive at 5.30pm for 6pm start. Please bring lawn rakes each night for clean up. Contact Ross Walker if unable to attend or to change your duty.

Call for Rotary Volunteers for RAM Timor project.

Dear RAM Representatives and friends of RAM,

As you know, RAM has been looking for opportunities to send more teams of Rotary Volunteers overseas to assist with RAM

programs in our target countries. I am now calling for expressions of interest to join teams going to Timor Leste.

The first team could leave as early as the last week in October to be in country during the weekend of 29th Oct and 5th Nov. The team Leader for this trip will be PDG Ian Dyball and the main focus of the mission will be to assist the new Rotary Club of Dili Lafaek to implement the "Healthy Villages" program in Timor Leste. This will commence with two villages, one in the Dili district and one in the Liquica district. The program will include educational presentations to the Village people, walk-arounds of the villages to identify issues and plan corrective actions and construction of concrete block waste storage/disposal units. These programs will occur on the weekends because of the local Rotarian's work commitments. Hopefully the team will also be able to observe and assist with NMCP bednet distributions at a different location during the week as well during the visit and there is also scope for providing assistance to local schools as we did in 2014.

Please let me know if you are interested or know of other Rotarians who might be, spread the word. Send me an email with your contact details stating whether you are interested in being part of the team in October / November this year or interested in other volunteer teams that could depart next year. If it is not possible to send a team this year the next opportunity will be in April 2017.

For recent information on RAM, visit our website www.ramaustralia.org go to the ARTICLES pulldown menu and select Conference Report for a complete summary of the recent annual RAM Conference. Presentations from this Conference can be downloaded from Dropbox with the following link:- <https://www.dropbox.com/sh/1h99854i2qnchld/AADnpKhNzSljhyDM1sV455mha?dl=0> (Note: the RAM annual report in this package is the 2015 report, the 2016 report has been published by RAWCS and can also be found on the RAM website under [ARTICLES; Reports; Annual Reports].)

I look forward to hearing from you,

Kind Regards, Dave.
